Be a part of positive change for the community

As a follow-up to the June 2nd *Addiction* event at the Duke Energy Center, concerned community members, professionals and organizations are invited to a community planning session.

The purpose of this meeting is to organize and direct efforts to bring about real change to the stigma of addiction through advocacy and policy.

Now is the time for your voice to help shape regional advocacy efforts being planned for this year and beyond. Hear about upcoming opportunities that you can become involved in right away.

Also, the meeting will be an opportunity to network and promote events for National Recovery Month in September.

Attend this meeting if you want to:

- Change the stigma surrounding Addiction
- Advocate for policy change related to substance use disorders
- Have your voice counted during the upcoming election season
- Promote and support National Recovery Month Activities in September

think outside the

stigma
